particular dates in mind.*

“ My first trip to Peterson’s met my expectations both from a fishing standpoint and the style in which the lodge was run. We were made to feel like family. The guides are the best we have had in all the years of fishing. I have returned each year since 2010 and my fishing experience has been stellar. I have caught more than 50 fish in a day, had several over 30 lbs and one over 40lbs. The combination of fishing and ambiance with all the people at the lodge is unbeatable. ”

## BASIC ITINERARY

### First Day – Flight to Peterson’s Point Lake Lodge

One of our representatives will pick you up at your hotel to drive you to the Air Tindi float base. While luggage is weighed and the plane is being loaded, enjoy a lakeside complimentary breakfast and celebratory beverage before your scenic float plane flight. Upon your arrival, our team members will be there to greet you, and after an orientation, cabin assignments and safety briefing over lunch you can enjoy the rest of the day fishing for trophy lake trout. Return to the lodge for supper, where a sumptuous meal awaits.

### Your Typical day

Begin your day with a spectacular lakeside view. Enjoy a steaming hot cup of coffee and nourishing breakfast. This is a great time to discuss the days’ activities, talk about fishing locations and speak with your guide about lunch preferences – whether you prefer to take a prepared picnic lunch or stop for an incredible shore lunch. Each day at Point Lake is unique, as insects, weather and fishing action will influence the day’s activities. Anglers often depart for a full day of fishing at 8:00 am, returning to the lodge around 6 pm. That being said, this is your trip and you have the freedom to decide what time you want to head out fishing in the morning.

In the evenings we hope you will share stories of the day, in addition to enjoying the amenities of the lodge. Read from our northern library, enjoy the use of the wood fired sauna and/or fish for grayling in the small lake behind your guest cabin. Of course, you can always retreat to the gazebo or to the privacy of your cabin.

### Last Day – Final Day, Return to Yellowknife

There’s plenty of time to enjoy a leisurely breakfast before packing for your return flight to Yellowknife. Your flight departs at approximately 9:30 am, landing you in Yellowknife at approximately 11:30 am. One of our team will be there to meet you at the float base to take you to the airport or hotel. If time permits we’re happy to take you shopping at the local stores and/or enjoy a bite to eat at one of the local restaurants.

### Important Trip Notes

Our typical charter float plane flight to the lodge is in the early morning of the day of your scheduled trip, so you will need to arrive in Yellowknife one day prior to your flight to the lodge.

Our guest capacity is 12, so if you want to get away from the crowds of anglers, enjoy a rare pristine wilderness experience and the camaraderie of friends, sign up today!
